## PROFESSIONAL SUMMARY

Mechanical Engineering undergraduate at NIT Calicut with demonstrated experience in business operations, data-driven decision making, stakeholder management, and cross-functional coordination. Proven ability to analyze large datasets, identify performance gaps, and recommend strategic improvements. Strong communicator with leadership experience across events, clubs, and industry outreach. Seeking business development, management, or operations internship roles where analytical thinking and execution ownership create real impact.

## EDUCATION

**B.Tech in Mechanical Engineering** 2023 – 2027  
*National Institute of Technology Calicut (NIT Calicut)*

**Relevant Coursework:** Operations & Process Management, Supply Chain Management, Humanitarian Logistics, Product Design

## EXPERIENCE

**Academic Intern** Summer 2025  
*Centre of Excellence in Logistics & Supply Chain Management (CoELSCM), NIT Calicut*

- Independently managed an end-to-end research and operations project – scoped deliverables, built data pipelines, and presented findings to faculty stakeholders with actionable process improvement recommendations
- Built an automated MS-Excel reporting system capturing operational KPIs across multiple scenarios; reduced manual reporting effort and enabled data-driven performance benchmarking
- Documented workflows and SOPs for repeatable operations; demonstrated ownership and structured problem solving throughout a self-directed 8-week engagement

## PROJECTS & ANALYTICAL WORK

**Business Performance Analysis – DataCo Global** 2025  
*Tools: MS-Excel (Pivot Tables, COUNTIF/SUMIF), Google Sheets*

- Analyzed 180,519 transactions across product categories, regions, and delivery channels; built executive dashboards tracking revenue performance, fulfilment accuracy, and operational efficiency
- Identified key business gaps – 54.83% SLA breach rate, 18.71% loss-making orders, 10.78% average margin – and prepared structured recommendations to improve profitability and operational performance

**Cost Optimization & Vendor Strategy – NIT Calicut Mess**

- Conducted a full spend analysis across Rs. 8.49L monthly budget and 81 product categories; identified top cost drivers and developed a strategic vendor prioritization framework (ABC-Pareto)
- Designed negotiation levers including bulk ordering and vendor consolidation; built MS-Excel dashboard enabling ongoing cost tracking and strategic decision making

**Last-Mile Delivery Network Optimization using GIS** Ongoing  
*B.Tech Project, Dept. of Mechanical Engineering, NIT Calicut*

- Applying operations research (MILP) and GIS to design an optimized urban delivery network – balancing cost, coverage, and service reliability across multiple demand zones

## LEADERSHIP & RESPONSIBILITIES

**Coordinator & Treasurer – Skylight Cultural Event, NIT Calicut:** Led end-to-end event management (Rs. 1,00,000+ budget) across 4+ cross-functional teams – managed vendor negotiations, financial planning, procurement, and on-ground execution with full ownership.

**Student Ambassador – CoELSCM, NIT Calicut:** Represented the Centre to industry professionals and students; drove outreach, managed partnerships, and organized workshops connecting academia with business practitioners.

**Assistant Secretary – Industrial and Planning Forum (IPF), NIT Calicut:** Coordinated strategic planning and execution for operations-focused club initiatives; built processes and managed cross-team accountability.

## SKILLS

**Business & Analytics:** Business Performance Analysis, Cost-Benefit Analysis, KPI Reporting & Dashboards, Market & Data Research, Strategic Vendor Management, Process Improvement

**Tools:** MS-Excel (Advanced – Pivot Tables, Dashboards), Google Sheets, MS PowerPoint, MS Word, AnyLogic (Simulation), QGIS / GIS Tools

**Professional:** Stakeholder Management, Cross-Functional Coordination, Ownership-Driven Execution, Business Communication (Written & Verbal), Team Leadership, Structured Problem Solving

**Languages:** English (Fluent – Written & Spoken), Hindi (Fluent), Marathi (Native), Malayalam (Basic)
